

# Now Scheduling Observations at CMC!

Among Maria Montessori's greatest insights was that the thoughtful education of children begins with the thoughtful observation of children.

In keeping with Montessori's culture of observation, we are excited to share that prospective parents and guardians are now welcome to schedule an opportunity to observe in one or both of our new Children's House learning communities!

To plan a visit to CMC for your family, please complete our Initial Interest Form at [CommunityMontessoriColumbus.com](http://CommunityMontessoriColumbus.com) or call 614.212.4702. As always, we appreciate your help in sharing this new opportunity with other families of young children!
